COACHING WITH A

HOLISTIC APPROACH

We adopt a holistic approach to education, prioritizing personal growth & nurturing well-rounded individuals by developing intellectual, emotional, and social skills.

STUDENT-CENTRIC LEARNING

With our personalized coaching methods, we cater to each student's learning style, strengths, and weaknesses, while our Student First approach empowers every student to reach his/her full potential.

NURTURING CURIOSITY BEYOND THE SYLLABUS

Nurturing curiosity means inspiring minds to go beyond textbooks, to discover, innovate, and think independently

SINGLE SOURCE FOR SCHOOL & COMPETITIVE EXAMS

We at VMC pride ourselves as a Single Source responsibility for students excelling in School / Board exams through our efficient modules & classes addressing all Academic needs.

DIFFERENCE - VMC

STRESS FREE LEARNING

Since our inception, our pedagogy has been uniquely designed to impart stress-free, relaxed yet joyful Education.

EXPERT MENTORS

We have highly experienced & passionate mentors who not only teach but also help students overcome challenges and excel in their academic pursuits.

PERFORMANCE TRACKING & SUPPORT

Through this system we provide regular feedback & support to help students overcome difficulties and stay motivated throughout their journey.

LIFELONG LEARNING MINDSET

VMC nurtures lifelong learners with a growth mindset, inspiring a love for knowledge beyond the classroom.

WHERE THE
FOUNDERS ARE THE TORCHBEARERS
SUCCESS IS CERTAIN!

KNOW YOUR

Mr. Brij Mohan (Bade Bhaiya)
IIT Delhi Alumnus, Co-founder VMC

Leading Chemistry Mentor

A true beacon of knowledge and an inspiration to countless students, he is widely celebrated as the "Most Passionate Teacher of Chemistry." With an unwavering dedication to excellence, his teaching philosophy is rooted in simplicity, clarity, and a deep commitment to fostering intellectual growth. A proud graduate of IIT Delhi (Class of 1985), he brings a wealth of experience, a profound understanding of core concepts, and an unmatched passion for teaching.

Mr. Shyam Mohan (Chhote Bhaiya)
IIT Delhi Alumnus, Co-founder VMC

Veteran Physics Stalwart

A distinguished Physics educator with over 3 decades of experience in inspiring young minds. An IIT Delhi Alumnus, he pursued his passion for shaping futures of students by Co-founding Vidyamandir Classes in 1986 with his elder brother Mr. Brij Mohan (Bade Bhaiya). As a vital pillar of the founding team, his teaching style is characterized by an interactive approach, making complex physics concepts not only accessible but also exhilarating.

VMC Founders Share their thoughts on Frequently asked Questions by Parents

What is your perspective on the challenges & stress often associated with preparing for JEE / NEET?

Yes, the preparation for these exams is very challenging & may be stressful. But with a careful preparation strategy, self-discipline, consistent practice with effective time management skills and guidance from a knowledgeable mentor, this preparation can transform into a stress-free & Joyful journey.

What strategies does VMC employ to make students' stress-free and help them cope with the academic workload?

We offer tailored mentorship courses that closely monitor students progress & conduct workshops on exam temperament & effective time management. Additionally, we prioritize maintaining a harmony between academics and extracurricular activities. In the recent past, we have launched Newly Designed Academic Phase Plan that will naturally remove stress.

OF TEACHING,

MENTORS

Mr. Manmohan (Munna Bhaiya)

IIT Delhi Alumnus, Co-founder VMC

Leading Mathematician

Mr. Manmohan, affectionately known as Munna Bhaiya, is a co-founder of Vidyamandir Classes and a highly respected mathematics teacher with over 30 years of experience. With a degree in Electrical Engineering from IIT Delhi, he is regarded as one of the most genuine educators in the field. With his innovative teaching methods & mentorship, he has transformed countless students into achievers, creating a legacy of success stories that speak of his commitment to excellence and passion for education.

Mr. Sandeep Mehta (Sandeep Bhaiya)

IIT Delhi Alumnus, Co-founder VMC

Trusted Career Coach

Mr. Sandeep Mehta, lovingly called Sandeep Bhaiya by students, is a co-founder of Vidyamandir Classes. Graduating from IIT Delhi with a B.Tech in Mechanical Engineering in 1994, he has devoted over three decades in guiding students, & his exceptional leadership and management skills have been instrumental in establishing the foundation of VMC. He is committed to driving VMC's growth, ensuring that VMC remains a trusted name in the JEE/NEET prep realm.

Is early preparation for JEE/NEET becoming increasingly crucial and does it ultimately reduce students' stress levels?

Students and parents should understand that competition is only going to get fiercer with each passing year. Starting early allows students to build a strong fundamental base and gain confidence, which can ultimately reduce stress. Early preparation provides more time for thorough understanding and practice, helping students face the exams with confidence, greater ease, reduced anxiety, and without any rush.

What's the mantra for success in JEE/NEET? And what distinguishes VMC from others?

Our belief is that JEE & NEET aren't invincible exams but are just designed differently. We pride ourselves as a Single Source Responsibility for students excelling in School/Board and other competitive exams through our Efficient Modules and Classes addressing all Academic Needs. Moreover, what sets us apart is our principle **"Student First"**, where we focus on our students' overall success above everything else.

ABOUT US ≡

Vidyamandir Classes (VMC) was established in 1986 by Mr. Brij Mohan (Bade Bhaiya) and his brother, Mr. Shyam Mohan (Chhote Bhaiya). Their vision in founding this institution was to inspire, guide, and propel students toward realizing their ambitions in the fields of Engineering and Medicine.

Later, they were joined by Mr. Manmohan (Munna Bhaiya) and Mr. Sandeep Mehta (Sandeep Bhaiya). Today, this visionary quartet of IITians from Delhi has established Vidyamandir Classes (VMC) as the most ethical, honest, and preferred institute in the JEE/NEET landscape.

Continuing its awe-inspiring journey of almost 40 years, VMC has consistently set industry standards with its unparalleled commitment to excellence. The institution's motto reflects its unwavering dedication to nurturing academic potential and fostering success.

Over the years, fueled by the guidance of its Founders and a crew of highly skilled & competitive faculty members, VMC has empowered thousands of students to excel in the highly competitive arenas of JEE & NEET. Through meticulously designed courses supported by rigorous performance assessments, VMC ensures that each student receives expert guidance grounded in scientific methodologies.

VMC continues to redefine educational benchmarks, providing a platform where aspirations meet achievement through a blend of innovation, expertise, and a relentless pursuit of academic excellence.

TRADITION OF SUCCESS ≡

Vidyamandir...

Guiding students and setting superlative standards of learning for almost 40 years

Over the years, the name Vidyamandir Classes (VMC) has become synonymous with success in **JEE (Main & Advanced)**, **NEET** & other competitive & scholastic exams. VMC thoroughly evaluates students' talents and subject knowledge before teaching them at the level where they can outperform their peers and realize their aspirations.

VMC believes in following and imparting the "Real meaning of education" and provides an environment to all our students, which not only help them learn well but also inspire them to recognize and explore their highest potential.

VMC lives up to its standards and commitment of providing personal attention and proper learning environment.

All the Founders of VMC are Ex-IITians, who are pioneers in the JEE/NEET Test prep space and have mentored & helped thousands of students to recognize their worthy prospects of getting into the IITs and other Top Engineering / Medical colleges in India. Till date, all the founders are actively and passionately involved in teaching & guiding students and are also engaged in the day to day activities of Academics and Operations.

Vidyamandir Classes offers a complete range of courses to students based on their location and requirements. All courses are based on the time tested teaching methodology which has been perfected by VMC and which has produced unmatched results in IIT-JEE consistently for almost 40 years. For a complete list of courses being offered at VMC, please refer to the content section at the beginning of this brochure.

VMC's FIRSTS

Adhering to its credo of "Student First", VMC has been deeply committed to aiding students with entire paraphernalia which is imperative for overall growth - making us the most prolific, consistent, and dependable education institute. Always the one to set a benchmark for others to follow, VMC has piloted many **FIRSTS** which have individually engraved their place whilst, unitedly contributing to the prominent height that VMC enjoys today.

1992

FIRST classroom coaching centre to provide comprehensive study material which perfectly synchronized with classroom sessions

1990

FIRST to introduce admission & talent screening test for IIT-JEE coaching.

1994

FIRST to introduce most comprehensive distance learning course, first ever in India.

1996

FIRST to introduce a revision course for IIT-JEE preparation - Final Step (FS)

2007

FIRST to introduce Online assessments for IIT-JEE preparation in India. The IIT's introduced it 5 years later.

2008

FIRST to introduce computer based analysis of students performance

2011

FIRST to adapt technology to initiate JEE classes through VSAT

2021

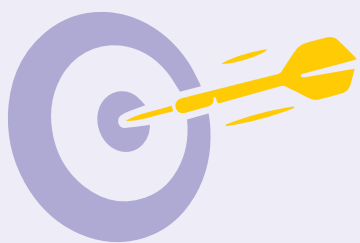

FIRST to collaborate with schools and start VMC Vision and Disha - the best Career and Stream Selector Tests respectively

2023

FIRST to introduce a pioneering Academic Phase Plan, which represents a tactical genius, providing students with a holistic roadmap to success in JEE / NEET

OUR **CORE VALUES**

OUR **MISSION**

To become the first preference for all students regarding their prep for all competitive & scholastic exams. As a guru, to continuously foster intellectual curiosity, develop critical thinking and enable pursuit of excellence in all educational endeavors.

OUR **VISION**

To help students EXCEED their potential while creating awakened citizens who will take the nation forward and make the world a better place.

VMC PEDAGOGY ≡

For JEE Courses

Study Material

In 1992, VMC recognized the need for organized and comprehensive study material, which was perfectly synchronized with the classroom sessions. Thus, **VMC** became the **FIRST** institute to introduce completely cohesive and scientifically designed course material for its students. The study material is revised every year and covers every aspect of each topic, making it completely self-sufficient.

The Study material primarily consists of Modules and Workbooks. Modules are designed to cover the Theory portion of NCERT, JEE (Main and Advanced), as per the latest pattern and syllabus of each year. Workbooks are provided to assist preparation for Boards/Schools & other Engineering entrance exams.

Modules form the primary part of the VMC Study material and each module is divided into chapters. Each chapter is then further divided into two sections, as explained here:-

Detailed Theory Portion

This part details simple illustrations to strengthen the core foundation

Solved Examples & In-chapter Exercises

Accurate and thorough explanations are provided to ensure students internalize the core concepts. Each step in the solved examples is carefully and systematically explained, to show students how to attempt a particular problem.

School / Board Notes

Exhaustive notes on Economics, English and Computer Science are provided to students to help them in their schools in Class XII, besides notes on Chemistry, Physics and Maths.

Other Engg. Entrance Exams Support

A comprehensive set of previous year exams and practice papers are provided to students for exams like BITSAT & VITEEE and ensures that all students make their way to the prestigious colleges.

Final Step Revision Package

Intended to provide a comprehensive revision just before the final exam and designed carefully by VMC Founders, this section includes Revision Package for JEE (Main & Advanced), Home Practice Tests & Test Series for JEE (Main & Advanced).

Classroom Session

At Vidyamandir, our dedicated faculty's sole aim is to help students succeed in JEE Advanced, JEE Main, and other engineering exams. We also strive to create a passion for scientific discovery and logical thinking which would help them succeed in all aspects of life.

Classroom sessions are complemented and synchronized with the study material, which in itself is a complete guide in every aspect.

Workbooks

We have developed a fresh approach called "Workbooks." Our philosophy is simple, we encourage students to grasp core concepts independently before attending the class. These workbooks (Physics, Chemistry & Mathematics) consist of exercises which are organized chapter by chapter, with each chapter offering Daily Tutorial Sheets (DTS) catering to various difficulty levels.

Test Series

Leaving nothing to chance, VMC takes its students through multiple exams, in exact Mock conditions to ensure the students don't get psyched out by anything on the D-day.

Multiple categories of tests viz Online tests, JEE (Main & Advanced), BITSAT & others are provided to the students during their course. The Testing and Analytics part is handled by Vidyamandir's TEST ENGINE, which was started in 2007 and is one of the most powerful & comprehensive Testing Platforms in the country.

VMC E-LEARNING SYSTEM

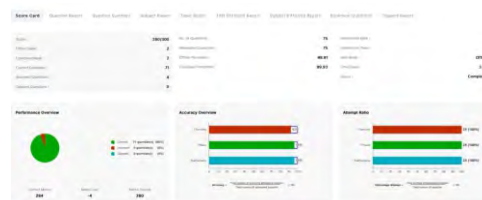

VMC's e-learning system is a state of the art platform, which empowers learning over the Web and Android Apps. It allows delivery of content through Ebooks, Videos, Exercises and Tests, and allows students to learn "On the Go"(works without internet). The e-learning system helps students in knowing the Topics where they are weak and need to concentrate their learning. **It also helps them revise on their own, anytime, anywhere using the huge bank of questions VMC has developed over the years.**

The system helps teachers focus upon their teaching and delivery, by assessing the student's learning curve and suggesting topics where students are not performing optimally. In addition, it allows students and teachers to be in touch round the clock, through Discussion rooms in the App.

In addition to assisting the students and teachers, the system also provides App for parents, which can be readily used to analyse the performance of their wards and get in touch with teachers, as and when required.

The e-learning system has an Integrated Testing and Analytics Engine, which is one of the most powerful assessment engines in the country. This engine takes the students through multiple tests, to ensure that all the students can face innumerable permutation, combinations to define their individual test-taking approach and also excel in the final exam.

Keeping in mind a stress-free approach and a unified curriculum, the founders of VMC have crafted the **COE** and **Illuminati Batch**, which serve as a one-stop solution for potential top-rankers. The course, led by dedicated and expert faculty members, aims to help students undergo a 360° academic transformation, preparing them to excel with Top Ranks in the challenging JEE (Main & Advanced).

WE HAVE 2 LEVELS OF TOP BATCHES

1. VMC COE Citadel of Excellence

2 Year Classroom Course for Students of Class 11th

Features:

- COE is overseen by VMC's founders and it operates exclusively at VMC's Head Office Campus (Punjabi Bagh)
- 24 hours of rigorous teaching per week (2 Classes Per Day with duration of 3 Hrs each for 4 Days per week) and one weekly test based on JEE Main and Advanced Exam Pattern
- The syllabus for both CBSE class 11th and 12th, as well as JEE Main and Advanced, will be completed by August end of class XII (much ahead of schedule compared to other batches), providing more time for revision and testing
- Classes will take place in state-of-the-art facilities, enhancing the learning experience while maintaining a strong focus on achieving top All India Ranks
- Classes will be led by VMC Founders and core faculty members with a proven track record of producing top ranks over the years
- Daily one on one sessions with Faculty members; advanced-level problem solving and Intensive Testing & Practicing
- Extensive material is provided for thorough revision & practice
- Assessment in National Pattern: Monthly Online Tests, JEE Main, and JEE Advanced Booster, along with additional Weekly Tests planned only for COE batch
- In-depth 5 months (approx.) revision for JEE Main and 9 months (approx.) for JEE Advanced

Additional Benefits

- **Revision:** Dedicated online revision classes before all 15 JEE Main Tests
- **Board Notes for Class 12th Final Exams:** Comprehensive board notes (in PDF format) for Class 12th subjects, including Physics, Chemistry, English, Economics, and Computer Science are provided that helps students excel in their board exams.

BITSAT Test Series: For those aiming for BITSAT, a specialized test series comprising 10 Online Mock Tests along with Logical Reasoning (LR) and English classes are conducted in Online Mode to prepare students for this prestigious exam.

Readiness for CBT (Computer-Based Tests): We ensure that students are well-prepared for Computer-Based Tests (CBTs) through our course, helping them adapt to the evolving examination format.

Tests Throughout the Course

Test Type	Number of Tests
Online Practice Tests (Before Each JEE Main)	15
JEE Main Tests	15 (including 3 Computer Based Tests (CBT))
Class 11 Revision Tests (In Class 12)	5
JEE Main Online Test Series (Full Length)	50
Mock JEE Main Computer Based Tests (CBT)	10
JEE Advanced Pattern Booster Tests	10
JEE Advanced Tests	5 (including 2 Computer Based Tests (CBT))
Mock JEE Advanced Computer Based Tests (CBT)	5
BITSAT Mock Tests	10

In addition to the above scheduled tests, the COE Batch will undergo numerous Special Higher Order Tests conducted throughout the course. These tests are at par with, and often more challenging than, the actual JEE Main and JEE Advanced, and are designed specifically to sharpen rank-oriented performance.

Class Schedule*

4 days per week. 6 Hours Per Day

Selection Process:

New Students

- Top performers from VMC's admission tests (VIQ, VINit, NAT) & other students will have to appear in any one of special test for COE followed by interview with faculty

- Syllabus: Complete Syllabus of Class 9 & 10 (Physics, Chemistry & Mathematics)

- Pattern: Tests will comprise higher level questions divided into categories (Single Choice, Multiple Choice, Integer Type & Paragraph Type)

Note: Students are required to maintain a consistent performance in their designated batches to prevent any reshuffling. Those showing an average performance may be transferred to alternative batches.

2. Illuminati Batch

2 Year Classroom Course for Students of Class 11th

Features:

- The apex batch at every centre, providing students with the optimal environment for excelling
- Facilitating healthy peer competition for an enriched learning experience
- Benefit from expert guidance with faculty at the level of Heads of Department
- Enhanced preparation through frequent, high-level testing with exams at JEE Main/Advanced level
- The syllabus for both CBSE class 11th and 12th, as well as JEE Main and Advanced, will be completed by October of class 12th, providing more time for revision and testing
- In-depth 3 months (approx.) revision for JEE Main and 6 months (approx.) for JEE Advanced
- Provide students with ample revision and practice materials for comprehensive preparation

Additional Benefits

- **Revision:** Dedicated online revision classes before all 15 JEE Main Tests
- **Board Notes for Class 12th Final Exams:** Comprehensive board notes (in PDF format) for Class 12th subjects, including Physics, Chemistry, English, Economics, and Computer Science are provided that helps students excel in their board exams.

BITSAT Test Series: For those aiming for BITSAT, a specialized test series comprising 10 Online Mock Tests along with Logical Reasoning (LR) and English classes are conducted in Online Mode to prepare students for this prestigious exam.

Readiness for CBT (Computer-Based Tests): We ensure that students are well-prepared for Computer-Based Tests (CBTs) through our course, helping them adapt to the evolving examination format.

Selection Process:

New Students

Top Performers from VMC Admission Tests taken in Offline Mode are offered this batch.

If a student has taken online admission test, then he/she has to re-appear in a separate offline test to qualify for Illuminati batch

- A student who has appeared in COE special test and not qualified for COE, but qualified for Illuminati, will be offered Illuminati batch

Note: Students are required to maintain a consistent performance in their designated batches to prevent any reshuffling. Those students who would be excelling consistently may be considered for studying in the Illuminati batch. And those students who would not be performing well would be transferred to regular batches.

Tests Throughout the Course

Test Type	Number of Tests
Online Practice Tests (Before Each JEE Main)	15
JEE Main Tests	15 (including 3 Computer Based Tests (CBT))
Class 11 Revision Tests (In Class 12)	5
JEE Main Online Test Series (Full Length)	50
Mock JEE Main Computer Based Tests (CBT)	10
JEE Advanced Pattern Booster Tests	10
JEE Advanced Tests	5 (including 2 Computer Based Tests (CBT))
Mock JEE Advanced Computer Based Tests (CBT)	5
BITSAT Mock Tests	10

In addition to the above scheduled tests, the Illuminati Batch will undergo numerous Special Higher Order Tests conducted throughout the course. These tests are at par with, and often more challenging than, the actual JEE Main and JEE Advanced, and are designed specifically to sharpen rank-oriented performance.

Class Schedule*

3 - 4 days per week.
4 Hours Per Day

2 Year Classroom Course

For Students of Class 11th

JEE (Main & Advanced)

A course which is designed to take students to the zenith of success. This course is focused towards building strong fundamentals in Physics, Chemistry & Mathematics, raising the analytical & logical reasoning ability, enhance focus, raise IQ, and enable students to inculcate the spirit of competitiveness. This course will act as a stepping stone for students to confidently conquer exams like JEE (Main & Advanced), BITSAT, etc. Students starting their preparation early with this course would be in a better position to counter stress, anxiety vis a vis those students who would not be starting early.

Class Schedule*

3 days per week. 4 Hours Per Day

*We may schedule extra classes (during school holidays) from time to time as & when required.

Key Features

Integrated Content: Our study material is designed to cover both the school curriculum and JEE syllabus. This integration ensures a seamless learning experience.

Well-Laid Out Learning Tool: The study material is structured in a step-wise and level-wise manner, making it easy for students to grasp complex concepts.

Highly Qualified Faculty: Students benefit from the expertise of highly qualified and effectively trained faculty who guide them through their academic journey.

Curated Question Bank: We have a meticulously curated question bank that has evolved over the years and is regularly updated to align with the latest curriculum.

Classroom Assessments & Practice Sheets: Regular assessments and practice sheets in the classroom environment help students gauge their understanding and improve.

Scientific Testing System: Our centralized testing system is scientifically designed to evaluate students' progress accurately.

Testing Pattern Aligned with NTA & IITs: Our testing pattern aligns with the National Testing Agency (NTA) and IITs, ensuring that students are well-prepared for the entrance exams. Our study material is complemented by a level-wise testing system, enabling students to progress from concept learning to application and analysis gradually.

Detailed Post-Test Analysis: After each test, students receive a comprehensive analysis of their performance, helping them identify their strengths and areas for improvement.

LMS Support: Students are given complete online support for their studies which includes Class Notifications, General Notifications, e-Books (of Modules), Test (in Online Mode), Test Paper PDFs (Competitive and CBSE), Comprehensive Test Analysis with their peers, Doubt Forum etc.

Tests Throughout the Course

Test Type	Number of Tests
Online Practice Tests (Before Each JEE Main)	15
JEE Main Tests	15 (including 3 Computer Based Tests (CBT))
Class 11 Revision Tests (In Class 12)	5
JEE Main Online Test Series (Full Length)	50
Mock JEE Main Computer Based Tests (CBT)	10
JEE Advanced Pattern Booster Tests	10
JEE Advanced Tests	5 (including 2 Computer Based Tests (CBT))
Mock JEE Advanced Computer Based Tests (CBT)	5
BITSAT Mock Tests	10

Additional Benefits

Revision:

- Dedicated Online Revision Classes Before 15 JEE Main Tests
- A consolidated revision plan comprising JEE (Main & Advanced) will be provided to strengthen the preparation, ensuring students are fully equipped for JEE.

Board Notes for Class 12th Final Exams: Comprehensive board notes (in PDF format) for Class 12th subjects, including Physics, Chemistry, English, Economics, and Computer Science are provided that helps students excel in their board exams.

BITSAT Test Series: For those aiming for BITSAT, a specialized test series comprising 10 Online Mock Tests along with Logical Reasoning (LR) and English classes are conducted in Online Mode to prepare students for this prestigious exam.

Readiness for CBT (Computer-Based Tests): We ensure that students are well-prepared for Computer-Based Tests (CBTs) through our course, helping them adapt to the evolving examination format.

Join **Vidyamandir Classes** and embark on a transformative academic journey that will prepare you not just for exams but for a bright future ahead. Our comprehensive study material and dedicated faculty members are here to guide you every step of the way. Excellence awaits you!

Join us to embark on a successful journey towards your engineering aspirations.

1 Year Classroom Course

For Students of Class 12th

JEE (Main & Advanced)

This course is conceived with the aim to propel student selection in JEE Main & Advanced in just one year's time. Special significance is laid on identifying the weak areas and strengthening them, enhance problem solving ability with speed & accuracy and improving the exam temperament of the student.

Students enrolling in this course early will be eligible to attend Class 11th through Offline Mode before commencing their actual course.

To ensure a smooth transition from Class 11 to 12, **24 specially curated pre-requisite videos** will be provided. These videos are specially designed to support students joining the one-year program by enabling smooth conceptual linkage and strengthening the fundamentals.

This course focuses primarily on Class 12th syllabus followed by comprehensive revision classes as well as Testing & Evaluation. **However, students can avail access to complete Class 11th syllabus class recordings to strengthen their concepts, available at a special concessional fee.**

Class Schedule*

3-4 days /week. 4 Hours Per Day

Key Features

Integrated Content: Our study material is designed to cover both the school curriculum and JEE syllabus. This integration ensures a seamless learning experience.

Class 11 Part Syllabus Revision Tests (During Class 12)	8
Full Syllabus Review Tests	4 (2 each in class 11 & 12)
Full Syllabus Rank Booster Tests	30 (15 Offline & 15 Online)
Class Tests	At Regular Intervals

Study Content:

VMC provides meticulously crafted study material for NEET aspirants -

- 6 Modules in each subject (PCBZ)
- 6 Workbooks in each subject (PCBZ)
- Exhaustive Revision Booklets in each subject (PCBZ)
- Specially Designed Compendium for quick revision including all concepts of NCERT textbook

LMS Support:

At VMC, we provide Comprehensive Online Support to enhance your learning experience. From class notifications to e-books of Modules, Online tests, and doubt forums, we've got you covered. Engage with peers, access Test Papers (CBSE and Competitive both), and benefit from detailed Test Analysis.

Schedule mentioned above is tentative, number of hours/days may vary from centre to centre

1 Year Classroom Course

For Students of Class 12th

NEET

This course is conceived with the aim to propel student selection in NEET in just one year's time. Special significance is laid on identifying the weak areas and strengthening them, enhance problem solving ability with speed & accuracy and improving the exam temperament of the student.

Students enrolling in this course early will be eligible to attend Class 11th through Offline Mode before commencing their actual course.

This course focuses primarily on Class 12th syllabus followed by comprehensive revision classes as well as Testing & Evaluation. **Students will get access to complete Class 11th syllabus class recordings to strengthen their concepts, available at a special concessional fee.**

To ensure a smooth transition from Class 11 to 12, Specially curated pre-requisite videos will be provided. These videos are specially designed to support students joining the one-year course by enabling smooth conceptual linkage and strengthening the fundamentals.

Class Schedule: _____

4 days a week classes - 4 hours per day

Key Features: _____

Highly Trained Faculty: Our experienced and dedicated faculty members are well-equipped to deliver top-notch instruction, clarify doubts, and mentor students throughout their learning journey.

**ARE YOU IN CLASS 9th OR 10th ,
PLANNING TO BECOME AN ENGINEER / DOCTOR
AND STRUGGLING WITH THIS QUESTION?**

**Should Preparation
for JEE MAIN, JEE ADVANCED, NEET and
Other Engineering Entrance Exams
Start in Class 9th or 10th ?**

Given the intensity of competition in today's time, an early start is indispensable. Ideally, one should start the preparation for Engineering / NEET entrance exams while in Class 9th but in case you could not, it is advisable for you to start preparing from Class 10th. There are many advantages of starting early.

- ▶ There is a significant rise in the complexity and quantity of the course curriculum of Class 11th as compared to Class 10th or Class 9th. A determined, passionate and hardworking student has a lot of time to spare in Class 10th or Class 9th, which if preparations for Engineering / NEET entrance exams are ON, is put to correct use. Starting preparations early helps you develop the right pace and temperament, which is extremely necessary for success.
- ▶ An early START is an early END. You will finish your course for the Engineering / NEET entrance exams early and this leaves you with plenty of time to go through the various patterns and combinations of questions asked in the examination. Knowing the concepts and fundamentals is one thing, but then putting them to use while solving questions, which typically will be very complex in exams like JEE Main, JEE Advanced & NEET is an art which has to be mastered. Early start gives us that precious time to master this forte.
- ▶ Early start would allow you to see the various exams and understand the testing pattern of competitive exams. An early start enables you to practice more questions and would enhance your comfort level in various Engineering / NEET entrance exams.
- ▶ Starting early, you would be able to spread the entire course over a longer duration, thereby having more time for detailed and deeper understanding of the concepts. All this would help you in effective and efficient utilization of time.
- ▶ Early start would also open opportunities for additional learning and exam avenues like Olympiads, INSPIRE and other prestigious examinations.

In nutshell, clearing JEE / NEET entrance exams require you to thoroughly understand the core concepts and practice rigorously. Our 3 year and 4 year Foundation courses have been so designed that they cater to the needs of such early-starters who want to take the lead by starting early and benefit from the advantages and merits of these courses. Start Early **Be ahead in the race.**

Classroom Course

For Students of Class 8th

Pre-Foundation

The Pre-Foundation Classroom Course for Class 8 students is a curriculum-aligned academic course designed in accordance with CBSE guidelines. The course focuses on developing strong conceptual clarity, analytical thinking, and problem-solving skills required for school examinations and competitive assessments such as Junior Olympiads. Through structured classroom instruction, comprehensive study material, and regular practice-based assessments, the program ensures measurable learning outcomes and lays a robust foundation in core subjects, supporting students' academic progression and readiness for higher-level studies.

Class Schedule:

Classes are scheduled thrice a week: Twice in Offline Mode for Science & Maths and Once in Online/Offline* Mode for Social Science & Mental Ability (MAT).

*Mode may vary from centre to centre

Key Features:

Courseware: This course offers comprehensive coverage of all subjects - Physics, Chemistry, Biology, Mathematics in Offline Mode & Social Science, and Mental Ability in Online Mode.

Highly Trained Faculty: Experienced and dedicated faculty members are well-equipped to deliver top-notch instructions, clarify doubts, and mentor students throughout their learning journey.

Scientific Testing System: The Scientific testing system evaluates students performance objectively and helps identify areas of improvement.

Detailed Test Analysis: After each test, a comprehensive test analysis is provided to help students understand their strengths and weaknesses, enabling targeted preparation.

Additional Benefits: In addition to core subjects, this course also prepares students for various competitive exams, including IOQM, NSEJS, and other Olympiads with nominal fees.

Parent Teacher Meetings (PTM): Yearly two PTM will be scheduled and students & parents will be informed well in advance. Although need based PTM will also be scheduled.

Motivational Webinars: VMC Guru's would be helping students with Motivational & Knowledge enhancing webinars for their career path.

LMS Support: Students are provided with comprehensive online academic support through the LMS, which includes class and general notifications, e-books (Modules and Workbooks), online tests, test paper PDFs (Competitive and CBSE), detailed test analysis with peer comparison, a doubt forum, and more.

Tests Throughout the Course

Test Type	Number of Tests
Online Practice Tests (Before Each Review Test)	7
Review Tests*	7
Mental Ability Tests (Online)	4
Mock Subjective Tests - Offline (Half Yearly & Final Exams)	Maths - 3 Science - 3
Mock Subjective Tests (Take Home)	Maths - 3 Science - 3 English - 1 Social Science - 1

*Dedicated Online Revision Classes Before 7 Review Tests

Students and parents may refer to the Class 9 & 10 course pages for information on the Progressive Year Course

Classroom Course

For Students of Class 9th

Foundation

At Vidyamandir Classes, the Class 9 Classroom Course is designed in alignment with the CBSE curriculum and the guiding principles of NEP 2020, with a strong focus on competency-based learning and holistic student development. The course aims to move beyond rote learning by fostering conceptual understanding, critical thinking, and application-oriented problem-solving skills essential for academic success in secondary education.

The academic framework emphasizes clearly defined learning outcomes, experiential learning, and regular formative and summative assessments mapped to CBSE's competency-based assessment pattern. Through structured teaching methodologies, periodic evaluations, and continuous feedback, students develop subject mastery, analytical ability, and exam readiness—preparing them to perform confidently in school examinations and future competitive academic pathways.

Class Schedule:

Classes are scheduled thrice a week: Twice in Offline Mode for Science & Maths and Once in Online/Offline* Mode for Social Science, Mental Ability (MAT) & English.

*Mode may vary from centre to centre

201 to 500	₹2,00,000	₹1,00,000

*Terms & conditions apply

VMC's ADMISSION CUM SCHOLARSHIP TESTS

VMC was one of the first JEE institute to introduce an Admission cum Scholarship test for selecting students, not only for its JEE courses, but eventually for NEET preparation courses as well.

The Admission cum Scholarship tests are conducted several times during the year, various courses being run at Vidyamandir Classes. Basis the Class of the student, the syllabus varies but the primary focus of the test remains to judge the analytical ability of the student.

Following this till date, Vidyamandir Classes primarily selects students for its various engineering and medical courses on the basis of their performance in the Admission cum Scholarship test. Basis the performance in the test, deserving students are also offered concession in fee.

Vidyamandir Intellect Quest

VMC Intellect National Incentive Test

National Admission Test

REGISTRATION

Registration for the Admission cum Scholarship test can be done either by going to www.vidyamandir.com and paying online or by visiting any VMC centre.

Please note you can visit any VMC centre for registration for any test being conducted by VMC. Once you register for the Admission cum Scholarship Test, you will receive your Admit card through Email & details would be sent through SMS as well.

You can also download the Sample papers by visiting www.vidyamandir.com.

"You can check out Admission cum Scholarship Test syllabus, mode of registration, scheme of examination and other details in the handouts provided with this brochure or by visiting www.vidyamandir.com"

The list of various VMC centres in India is available on the last pages of this brochure. You can also visit **LOCATE A CENTRE NEAR YOU** section on the website for more details.

PLEASE MAKE SURE TO REMEMBER THE FOLLOWING

OFFLINE

- ❶ You need to paste your Passport size Photograph on the Admit-card before coming to the Exam centre
- ❷ Please report at least 30 mins before the Exam
- ❸ Please make sure to bring Pens, Pencils, Eraser, Sharpener and other relevant items to the Exam centre
- ❹ On your Result declaration date, please download the Result letter from the relevant link on the website, www.vidyamandir.com
- ❺ Please come on the dates mentioned in your Result letter to your nearest VMC centre for taking admission
- ❻ Please remember to bring your Admit card of the National Admission test, along with other things required for enrollment. Details of Fees and everything required for your admission at VMC will be mentioned in the Result letter.

ONLINE

- ❶ **MOCK TEST:** Students can take mock test available on VMC website.
- ❷ **Do's FOR THE TEST:**

Test all your gadgets and network connection as suggested in the guidelines before the exam starts. Ensure that your Laptop is charged.

Run the 'compatibility check' before taking the test.

Ensure that the web camera is enabled and switched on with enough light for visibility.

Uninstall any third party software installed on the system for webcam before starting the test

Keep your Government ID proof ready to show when prompted for.

Please only TYPE your details in the registration form and do not copy-paste.

Please use only your registered email ID for logging into the exam.

Keep a check on your proctor chat window. Proctors try to reach you only for important messages.

In any case if you move away from your test window, you will receive a warning message. Not adhering to the warning will lead to auto-submission of the exam. Please ensure all notifications, pop-ups are closed before you start the test to avoid the computer screen navigation away from the online test window.
- ❸ **DON'Ts FOR THE TEST:**

Do not refer to any other material or do not browse the internet to find the solution. Your screen details will get captured from the backend for monitoring and review.

During the exam do not access your mobile phone, earphone, calculator or any other electronic device during the exam

During the exam Monitoring will be real-time, and hence your exam may get terminated if unfair practice is followed.

Please note that the system will detect suspicious activities (additional people in the room, using mobile phones/calculators/books, candidate absence and other suspicious movement etc), and report such activities to the authorities.

There should be no one around you or talking to you while you are giving the exam.

Please ensure that there are no loud noises or disturbances of any kind. Do not read the questions aloud.

Bio breaks are not allowed during the exam.

Important Note: "During the examination; cases of malpractice, copying and impersonation etc. occurring are duly booked and reported to the Institute and it would enforce to take appropriate action or termination of the respective exam"

PLEASE NOTE

In addition to the National Admission Tests, some VMC centres might conduct additional Admission tests for admitting students to VMC. Details of such tests can be obtained from the concerned VMC center and by visiting the respective VMC center's page on www.vidyamandir.com
